Are Your Workers Getting Too Much Metal In Their Diet?

Clean-All Heavy Metals[®] Hand & Body Soap Is An Appetizing Alternative

Keeping hands free of heavy metal residue becomes even more important when you consider what workers' hands come in contact with – cigarettes, food, drinks, cosmetics... Simply washing with plain soap and water will not significantly reduce the spread of contamination or the danger of ingestion. Remove heavy metal residue and reduce the risk of toxic contamination with CLEAN-ALL Heavy Metals[®] Hand & Body Soap.

Superior Formula

CLEAN-ALL is the latest advancement in soap technology, developed and tested by one of the premiere specialty chemical laboratories in America. The formula produces a fast acting chemical process that bonds with heavy metal residue so it simply rinses away. Comparison tests showed that CLEAN-ALL washed away all the heavy metal residue from contaminated hands while other industrial soaps left a substantial amount of toxic residue behind.

User Friendly

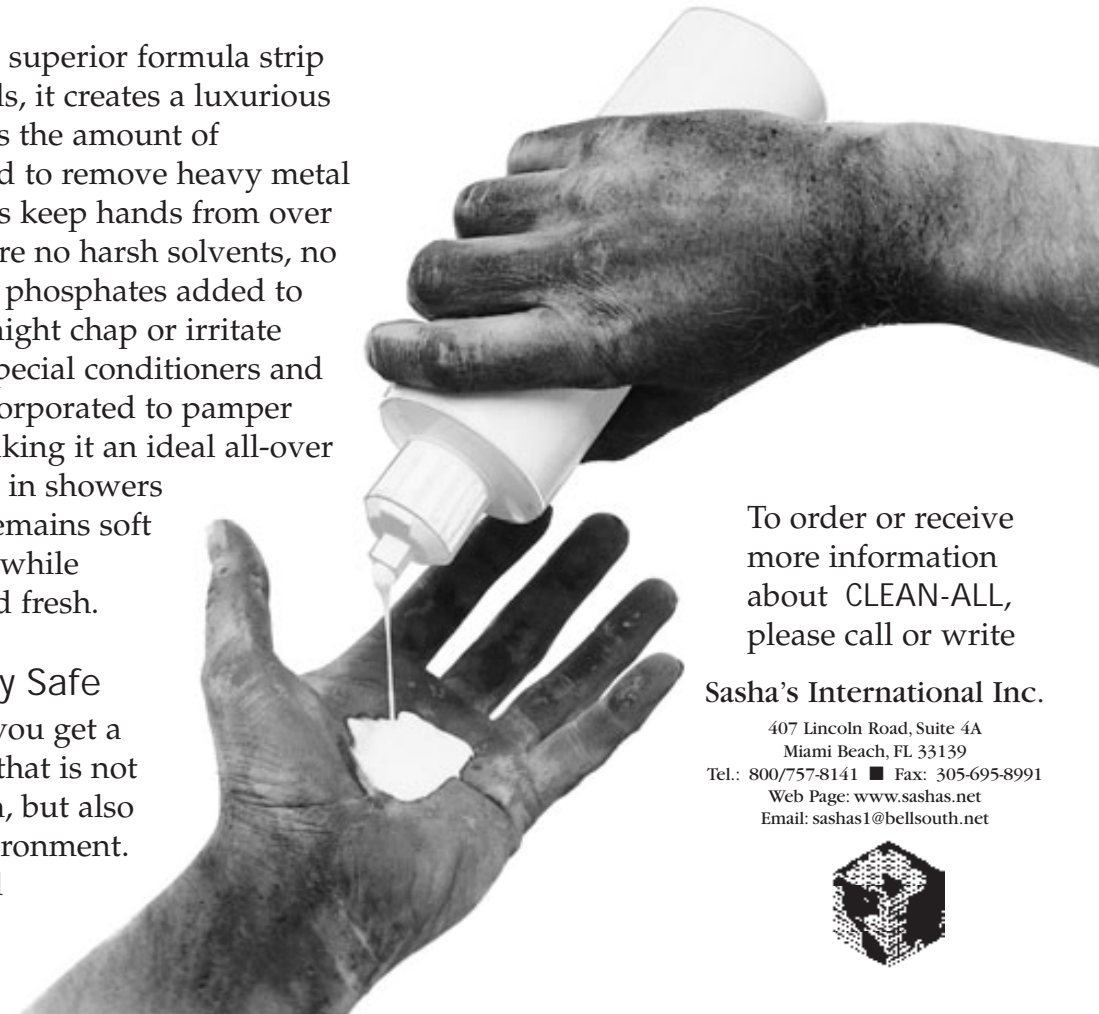

Not only does the superior formula strip away heavy metals, it creates a luxurious lather that reduces the amount of scrubbing required to remove heavy metal residues and helps keep hands from over abrasion. There are no harsh solvents, no abrasives nor any phosphates added to CLEAN-ALL that might chap or irritate hands. Instead, special conditioners and emollients are incorporated to pamper worker's skin, making it an ideal all-over body soap for use in showers and stalls. Skin remains soft and silky smooth while smelling clean and fresh.

Environmentally Safe

With CLEAN-ALL you get a powerful cleaner that is not just gentle on skin, but also gentle on the environment. It is non-toxic and biodegradable,

and **safe for use with wastewater treatment systems**. The active ingredient is destroyed by the chlorine and calcium already present in treatment system water supplies, saving both time and money in additional chemical treatments.

When the work is done, let the soap do all the work. CLEAN-ALL Heavy Metals[®] Hand & Body Soap.
